

Dr. Mitchell Kase, Md

Medical Director Lahey Billerica / mitchell.l.kase@lahey.org

12 November 2021

1. What were the details of Brian's employment?

Brian worked at Syracuse University as a Graduate Student from August 2018 until January 2021.

2. In what capacity do you know Brian, and if applicable what did you work on?

I have been Brian's physician (PCP) for 10 years. I've come to know him well during that period, treating him for various medical and personal conditions.

3. How long did Brian work on the following at Syracuse University?

grit: More than 24 months.

determination: More than 24 months.

4. Select up to 3 environments you believe Brian would excel in.

Low-Pressure. Structured. Team-Oriented.

5. Select up to 3 attributes that best describe Brian's work style.

Honest. Curious. Ambitious.

6. What would you perceive Brian's strengths to be?

He has worked very actively to develop his life and work, studying programming at Syracuse University. He's relentlessly and cheerfully chased his goals. He speaks well, and is a good listener. It's been moving to watch him.

7. What would you perceive Brian's weaknesses to be?

It's hard for me to say, since I haven't seen him in a "work environment," but I suspect that he can be diverted, in part, because he's so pleasant and anxious to please.

8. How did Brian get along with their peers, clients, and managers?

Cannot answer, but in my experience he's unfailingly polite and cheerful.

9. If you had the opportunity to rehire Brian, would you and why?

Not applicable. I would hire him without doubt for an level job, and expect him to advance quickly with supervision.

10. Please sign to verify everything you state is correct to the best of your knowledge.

Mitchell L. Kase, M.d.
